## WILSON PLATFORM PLANKS OUTLINED; IRISH REFERRED TO LEAGUE OF NATIONS

Foreign Policy Same as Outlined in Virginia Pro-  
nouncement.

## ADEQUATE PAY FOR POSTAL EMPLOYEES

Soldiers and Sailors to Have  
Choice of All Federal  
Jobs.

BY MARVIN PUGH

(International News Service) SAN FRANCISCO, June 25.—President Wilson's political representatives today are stoutly demanding that the new famous Virginia platform's foreign relations planks stand as the democratic party's statement of the peace and league of nations issue, the only changes being for the purpose of clarification, so that it may be better understood by the man in the streets.

The I. N. S. is able today to divulge the tentative Irish, labor, compensation for teachers, soldier's and sailor's bonus, and compensation for postal employees platform planks, as approved by the administration.

If the Wilson forces prevail, the following planks will be adopted:

IRELAND—We express our profound sympathy for the rights and aspirations of small nations and of races subject to alien domination. The striving of these for self-government appeals to the sense of justice of the world. The centuries old struggle of Ireland for self-government is today one of the unhappy problems disturbing mankind. To her the league of nations offers, for the first time in history, an international tribunal before which she may obtain an impartial hearing. We pledge that when American representatives to the league of nations are appointed, they shall be instructed to bring the affairs of Ireland before that great tribunal.

LABOR—The question of industrial peace is our greatest problem. It is the greatest problem of the world. Labor constitutes the largest element of our population and on its welfare depends the prosperity of all. We recognize that the solution of these questions is dependent more upon economic questions than upon sympathetic legislation. The elimination of child labor, protection of sailors on the high seas, encouragement of industrial insurance and the suppression or regulation of monopolies that control the cost of living are subjects that call for direct action. The organization of labor should be encouraged.

The strength of this nation, its future, rests upon the teaching of youth. The teachers should be adequately compensated for their vast responsibility.

Our debt to our soldiers and sailors. Our people owe to the soldiers and sailors who went forth to preserve the rights of this nation every consideration. We believe that it is the duty of this nation from its resources of land to offer abundant opportunity to our soldiers and sailors, and that civil service laws should be amended so that offices of public employment that shall become vacant should first be offered to the soldiers and sailors of the war.

Adequate compensation for postal employees is clear.

The second test of party solidarity will be precipitated by the prohibition issue. One tentative plank, said to be favored by certain administration followers, advocates the resumption of the manufacture of light wines and beer and holds that the Volstead act is something of an adjustment to poor men, pointing out that when prohibition became operative the law allowed all men to purchase as much liquor as was needed, providing

## VETERANS AND BRAVES TO SELL BRIDGE STOCK, BONUS GOES TO VICTOR

Thousand Dollars to Side in Event Total Subscriptions Reach \$250,000.

## KIWANIS VOTE TO DONATE THEIR SHARE TO CHARITY

Also Go On Record as Opposing Auction Sales at Meetings. Knight and Patterson Active.

A practical guarantee that the Tennessee river bridge will be built was written last night when the local post of the American Legion and the Morgan County Kiwanis Club, at meetings of these organizations, accepted the proposition of the Limestone-Morgan Bridge Company to sell the stock of the bridge company. The Kiwanis club will name a day when its entire membership will rally to the community call and go upon the streets in the role of salesmen. The Legionnaires will work through committees, to be announced probably tomorrow.

In addition, Chairman John W. Knight of the Albany bridge organization and John Patterson, one of the directors of the bridge company, began the sale of stock in Albany yesterday, and Mr. Knight was continuing the drive today. Mr. Patterson having been called out of the city. This committee met with success, and today was optimistic that Albany would do its bit. Of the more than 1,300 names of Albany residents to be solicited, the committee selected those of 150 business men. The additional persons listed will be solicited by the Kiwanis and the Legionnaires.

The proposition of the bridge company to the Braves and Veterans is to give each organization \$1,000, provided the total subscriptions reach \$250,000 and an additional \$250 to the organization showing the largest sales.

Following a delightful luncheon served by the ladies of the Lutheran Church last night at the Y. M. C. A., the Morgan Kiwanis Club got to business and constructive work was undertaken, that, judging from the intense interest manifested, will be successfully prosecuted.

A proposition which the Morgan-Limestone Bridge Company made to Kiwanis and to the American Legion to raise \$250,000 on subscription to build the bridge and offering \$1,000 each to these organizations to get busy was accepted by Kiwanis. In order that these organizations enter into a friendly rivalry an additional bonus of \$250 is offered for the club securing the largest amount. Kiwanis will get behind the bridge project with a will and its membership will stage a drive on a day to be selected when its entire membership will endeavor to raise the amount necessary.

Committees will be appointed, with Clyde Hendrix, Will Wyker and Lamar Penney as a steering committee, to have charge and direction of all committees on bridge matters.

By resolution, unanimously adopted, Kiwanis decided to devote the \$1,000, offered by the bridge company to some charitable organization, the particular one or ones to be determined.

(International News Service) CHICAGO, Jun 25.—That the league of nations plank in the republican platform means the ultimate acceptance of the league with reservations, was the interpretation of the plank made by Former President Taft, in a statement today.

"When republican victory comes in November, the first thing to do will be to make peace, and that means to adopt the league with reservations. The plank was drawn by Elihu Root, a strong supporter of the league, and who is now in Europe helping to get the league in order."

## LARGE ATTENDANCE IS NOW EXPECTED

Speakers Will be Present to Explain Plan for Marketing Staple.

Pursuant to a call sent out by E. W. Bussey, county president of the Alabama division of the American Cotton association, and signed by ten leading business institutions and firms, a mass meeting will be held tomorrow at the court house at Decatur, beginning at 10:30 o'clock. The purpose of the meeting is to organize the county, and to take steps for securing higher prices for cotton and better warehousing facilities through an intelligent co-operation of the cotton growers and allied interests.

Indications today were that the meeting would be largely attended.

President Bussy has named a beat committee in each precinct of the county, who will aid in arousing interest in the project. There will be a number of prominent speakers present to explain the details of organization and point out clearly just what the American Cotton association proposes to do.

The various beat committees, as recently announced by President Bussy, are:

A negro whose name is unknown to the officers of the law was arrested last night at the Decatur station by Deputy Sheriff McGuthra on the charge of having attempted to criminally assault a white girl in Lawrence county. HALF A HUNDRED MEMBERS OF "RING" ARE INDICTED AT N. Y.

(International News Service) NEW YORK, June 25.—Additional indictments reaching into high places in the financial and business world in the nation-wide oil stock probe were predicted today by federal investigators.

It was admitted that the alleged degradations of the "oil stock ring" had left ring of wrecked homes and devastated fortunes from coast to coast, involving millions of dollars.

Warrants for the arrest of 50 individuals were sent broadcast today. Most of the indicted promoters were residents of New York city.

Bail ranging from \$10,000 to \$20,000 will be asked in each case.

## RADICALS ENDORSE ARMED REBELLION

UNITED STATES COMMUNIST PARTY WOULD OVERTHROW GOVERNMENT

(International News Service) WASHINGTON, June 25.—"Armed rebellion by the working classes against the capitalistic government" is a plank in the platform adopted in a secret convention of the newly-formed United Communist party, held in this country at the request of the possession of the department of justice.

It was well known that the fee system has been the reproach of the State for a long while. So the present Legislature deemed it advisable to try the salary plan, and thereby remove from the official all interest, temptation and bias in the matter of the assessment of property for taxation. By careful calculation, it has been found that this plan is less expensive than its predecessor. Therefore two objections have been met, the interest and bias of the official and the expense of the office.

## INCOME TAX INVALID

The present Legislature endeavored to levy an income tax, but this was held invalid. This tax would have relieved the burdens on the real and personal property owners in this State of the payment of approximately One Million (\$1,000,000.00) Dollars, and would have caused a large number of salaried people to help support the public institutions of the State, who now pay not one cent of the taxes. Men in this State have drawn salaries of from Three to Five Thousand Dollars per year, educated their children in our schools, yet have paid no taxes, except their poll taxes.

The Editor questions the purposes for which the taxes are raised. The recent Legislature was inspired with

MEN ARE IMPATIENT  
AT DELAY OF BOARD

Claim that Cost of Living Climbs  
as Delays Proceed.

(International News Service) WASHINGTON, June 25.—Switchmen in all the eastern yards have voted to walk out at midnight tomorrow, union leaders here were advised today. At a secret session held at midnight last night, switchmen employed in the Baltimore and Potomac yards decided unanimously to join the walk-out. Similar action was taken at meetings at New York, Philadelphia, Jersey City and other railroad centers in the east.

Representatives of the unions in the department of labor who have been urging the men to wait for the railroad labor board's decision, report them as deaf to appeal.

"We tried to show them that the president's message to the board will bring speedy action and an award was certain within a week," said one of these representatives today, "but they will not be moved from their determination to strike. They declare that they are weary of promises and point to reports that the board is deadlocked. We have no answer to their argument that the cost of living is rising while the board is deliberating."

"We are urging the members of our international union to wait for the board's decision," said John Scott, secretary of the railway employee's department.

Labor leaders say that a walk-out of switchmen in the east will mean tie-up of transportation and unless definite assurance is given by the board that a decision will be rendered early next week, no other course will remain than to leave it to the men to call an unauthorized general strike."

(International News Service) CHICAGO, June 25.—Heads of the big railroad brotherhoods met here today in an eleventh hour effort to avert the outlaw rail strike, scheduled for Monday. In the meantime leaders of the rebels planned to hold mass meetings throughout the country tonight to make a nationwide appeal for what they term their "rights". It was reported at the conference of brotherhood heads that they plan, following their meeting, to confer with members of the federal railway labor board for the purpose of making a final plea for the granting of at least a partial wage award to avert a general tie-up of the roads. The rebel chiefs stood pat meanwhile on their decision to call a general strike Monday. Little hope of a wage decision by Monday was given in a statement issued by Chairman Barton of the wage board, who declared that "there was still much to be done before the award could be made".

## Voice of the People

Mr. Editor:  
I notice by your paper that the Water Co. want an increase in water rates. As everything else is going up I presume the price of water to be entitled to a raise too, but that depends upon certain conditions.

How much did the present company pay for this plant when it was bought at a forced sale? How much water did they "pump" into the stock? Did they pay the original stockholders anything except watered stock? How much watered stock did the original holders get? How much did the promoters get out of it?

I venture to say that the present income would pay a good dividend on the original cash cost of the plant in spite of the increased cost of operation.

I do not know of another concern that receives as large an income for so few men employed. Let them go before the council and make some of these things plain and not just say "We want an increase because the cost of operation is more than it was." But first of all, that old score between the Water Company and the city should be wiped out before anything should be granted them.

I am informed that unless they get what they want, they will go to the Public Service Commission. Let them go, and while they are going then let the cities go to the courts with that old franchise and see what will happen. I don't believe the city or the people of Albany want anything but what is right. Right wrongs no one. If any one will show me I am wrong, then I'll get right. They may be entitled to a raise in water rates but they would have to show a whole lot of reasons before they get it.

The water company have fixed a price per thousand gallons, and in order to know how much they deliver to each one, they put in a meter to measure it. If that is true, then why do they also want to make a price on each faucet in a house. Why not render a bill for so many gallons used regardless of how many faucets there are in the house. It seems that the more faucets there are the more water would be used, and consequently the bigger bill they would have. But that is evidently not what they want. They want a good rental for those meters. For instance: take a \$3.00 rate. If only \$1.50 worth of water is used, the user pays \$3.00 just the same, which leaves \$1.50 rent for the meter. If more than \$3.00 is used, more is charged.

If one buys a peck of potatoes that is what he pays for, if he don't get a peck he only pays for what he gets. Why pay for a thousand gallons of water when only 500 gallons is delivered.

Yours very truly,  
E. C. PAYNE.

Must Not Fail  
No patriotic man is willing for this great State to fail in either of these obligations. Many of the above are forward-looking, beneficial, and constructive, and the State must go forward. But, as stated, the failure of the income tax measure deprives the state of approximately One Million (\$1,000,000.00) Dollars, of the income expected and estimated by the budget commission, and necessary to meet these demands.

There are two ways in which this shortage may be supplied. One is by an extra session of the Legislature to devise ways and means of raising the necessary funds. An extra session would mean weeks of suspense and uncertainty to the business interests, and an added expense to the State. Then, it may be that the Legislature would find it necessary to increase the assessments to a full value basis, which would mean a horizontal raise of 66 2-3%.

The other remedy is by increasing real and personal property assessments to a figure that will produce the extra million dollars so necessary to the welfare of the State. Not only is it necessary to meet the special appropriations above mentioned and the ordinary fixed expenses of the State, but when the Legislature was in session, this State had a floating debt of some Three Million (\$3,000,000.00) Dollars, which ought to be paid and which will have to be paid. This is a debt that has been piling up from year to year, and it is the desire, close to the heart of the Governor and of every honest and right-thinking man, to pay off this obligation.

Property Values Increase  
It is well known that property values have largely increased during the last two years, and the tax officials are imbued with a desire to equalize the taxes over the State so that the burdens will fall on the property owners in exact proportion to the value of such property. If this burden is made excessive on any tax payer, the law is not only ample, but liberal and generous in the machinery provided for his relief. No tax official will profit by any raise, but the additional taxes will be devoted to the public needs of the State.

The appropriations made by the Legislature are, in the main, for the

WHY FUSS WITH  
MESSY TAR?

You don't have to waste your money on coal tar paint any more. **VALDURA 99.5% PURE ASPHALT PAINT** will not only give you a decent looking job, but one which will last a great deal longer. **VALDURA** is real paint, made by paint manufacturers. You can apply it to almost any kind of surface and it will last long and protect properly. It's just the thing for roofs of all kinds and will stubbornly resist water, weather and acids. There is nothing better made for your silo, farm machinery, tanks, etc.

## VALDURA 99.5% PURE ASPHALT PAINT

is sold with the distinct understanding that your purchase money will be refunded if at any time you feel that it has not rendered you proper service. That's a pretty strong guarantee, but the paint warrants it.

**VALDURA** has remarkable covering capacity, is easy to apply, comes all ready for use, just dip in your brush and paint. It won't run in the hottest weather and it won't crack in the cold weather. On the basis of cost-per-year-of-service, it has no competitor. All sized containers from 1 Gal. cans up.

Would you like to test it to prove these claims? You may have a sample can free and the **VALDURA** Booklet telling you more about it in detail.

## PORCH PARTY FOR

BRIDE-ELECT

Mr. and Mrs. Lamar Penney entertained informally last evening in compliment to Miss Gladys Godby and Professor Cowart whose marriage is an event of next week. The Penney home, 906 8th avenue, was artistically decorated in the season's blossoms. The feature of the evening was the writing of recipes for model husbands and wives, the men writing their ideas of the perfect wife and the women describing an ideal husband. Much amusement was occasioned by Mr. Payne's reading the recipes aloud, after which they were presented to the young couple for future reference.

Mesdames E. C. Payne, B. B. Pickens, and Marvin Rankin, assisted by Dorothy Clark, Rebecca Greene and Jane Rankin served a dainty tea course.

Mr. and Mrs. Penney included in this hospitality, Miss Gladys Godby, Mr. Ralph Cowart, Mr. and Mrs. Atlee Hoff, Mr. and Mrs. E. H. Allison, Judge and Mrs. O. Kyle, Mr. and Mrs. E. C. Payne, Mr. and Mrs. J. L. Chrissinger, Mr. and Mrs. C. H. Eyster, Mr. and Mrs. D. C. Almon, Mr. and Mrs. E. W. Godfrey, Mr. and Mrs. W. A. Green, Mr. and Mrs. J. R. Clark, Mr. and Mrs. A. D. Jervis, Mr. and Mrs. Marvin Rankin, Mr. and Mrs. J. W. Cunningham, Mr. and Mrs. C. E. Malone, Judge and Mrs. L. P. Troup, Mr. and Mrs. Henry Hartung, Mesdames B. B. Pickens, J. D. Jervis, J. C. Sheets and Kimball Jones.

Misses Anna Tidwell and Nellie Dutton returned home yesterday after a three weeks visit to Birmingham.

## THE IVY

Pushing the clods of earth aside, leaving the dark where foul things hide, spreading its leaves to the summer sun, bondage ended, freedom won—

So, my soul, like the ivy be; rise, for the sunshine calls for thee!

Climbing up as the seasons go, looking down upon things below, twining itself in the branches high, as if the frail thing owned the sky—

So, my soul, like the ivy be; Heaven, not earth, is the place for thee!

Wrapping itself round the giant oak, hiding itself from the tempest's stroke;

Strong and brave is the fragile thing, for it knows one secret, how to cling, so, my soul, there's strength for thee!

Hear the Mighty One: "Lean on Me!"

Green are its leaves when the world is white, for the ivy sings through the frosty night.

Keeping the hearts of oak awake, till the flowers shall bloom and the spring shall break—

So, my soul, through the winter's rain, sing the sunshine back again!

Opening its green and flattery breast,

Giving the timid birds a nest; coming out from the winter wild, to make a wreath for the Holy Child so let my life like the ivy be;

A help to man and a wreath to Thee!

—Good Words.

MRS. WILL COWDEN  
COMPLIMENTED

Mrs. Bruner Smith entertained informally at cards yesterday afternoon to compliment her sister, Mrs. Will Cowden of Decatur. The guest list included only the especial friends of the honoree. Those enjoying the hospitality were Mesdames Tom Smith, Robert Banks of Smithsonia, Emory Morris, W. H. Gregory and Misses Ellie Houston, Mary Lou and Martha Smith. Attractive toilet articles were given to Mrs. Cowden as an honoree's prize and to Miss Mary Lou Smith as a prize for winning the highest score in the game of auction bridge. Late in the afternoon a tempting salad course was served.

## PICNIC FOR VISITORS

About forty of the young society set enjoyed a picnic supper last evening at Beaver lake in compliment to the young lady visitors in the city.

Misses Madeline Troup, Bessie Cobb, and Daphne Graves, leave today to attend a house party in Miss Florence Young's home, at Cullman.

Mrs. Gordon McDuff left Wednesday morning to join her husband in Clarksdale, where he is playing ball.

Mrs. Wilbur Kelley returned to Birmingham, after a week's pleasant visit to Mr. and Mrs. R. G. Cornter.

Mrs. L. O. Clark and children, of Birmingham, are visiting relatives in the city.

Miss Mary Louise Ikerman, of Selma, is visiting Mrs. Criston Manesly.

Mrs. Jesse Mainard has been ill at her home the past few days.

Miss Evelyn Davidson has returned from a visit to Florence.

Lamar, four year old son of E. L. Simpson, continues quite ill of colitis, showing a slight improvement today.

E. L. Simpson is leaving today for Oxford, Ala., after a short visit with his family, who are spending the summer at Curtis Wells.

Joseph P. Marshall, a former resident of this city and now residing at Logansport, Ind., will motor next week to his old home at Belfontaine, Ohio, he has advised friends here.

LABOR SCARCE AND  
CROPS FALL SHORTWINTER WHEAT REDUCED 31  
CENT; FRUIT IN ABUND-  
ANCE

(International News Service.) ITHACA, N. Y., June 25.—The recent report of the United States Bureau of Crop Estimates shows that the shortage of farm labor and the unfavorable weather for planting have affected crop production in this country even more than was indicated by earlier estimates.

The acreage of hay and barley will be about the same as they were last year, but other crops will be reduced as follows: Winter wheat, 1 per cent, beans 29 per cent, rye 23 per cent, Spring wheat 16 per cent, potatoes 5 per cent, oats 3 per cent. These estimates indicate that the total acreage devoted to these eight crops will be less than it was last year by 23,000,000 acres, or 11 per cent. While this is a large decrease it should be remembered that conditions are abnormal in that last year's winter wheat crop was planted before the armistice and the shortages so far reported may be partially offset by increases in later planted crops, such as corn and cotton. Then, too, the acreages of early planted crops were very large last year, but the yields were low.

With normal weather conditions from now on, the total pounds of wheat, oats, barley and rye produced 4 per cent less than was produced last year and 3 per cent below the average of the previous five years.

It is worthy of note, however, that during the fifty-three years for which statistics are available the acreage devoted to these eight crops has increased quite regularly nearly three million acres a year. There has been a fluctuation from season to season on account of weather conditions, but the greatest decrease recorded in any previous year was less than 2 per cent and that was back in 1885. From present indications the decrease this season will, therefore, be six times as much as has occurred in any other year since the Civil War. Under the circumstances there is nothing surprising in the fact that the average price of farm crops increased 5 per cent during the month of May.

## HITS AND MISSES

By BARRETT SHELTON

Carpentier and Lenoir were the big feature in the Dell at Nashville last night so I took a chance and hit the trail northward for a squint at the French Ace in action. From my view point, Carpentier is a remarkable fighter but I would not say anything before "looking them both over". Of course from the American standpoint I say that Dempsey will murder the big Frenchman when they meet and with the true American spirit I hope he does although I admire the Frenchman in every respect.

Georges and Lenoir appeared amidst cheers and applause for the closing battle.

Jules was attired in black tights and Georges faced him clad in a pair of white trunks. The two were "shot" by the Tennessee movie men as they posed in fighting form. Jules, in appearance, looked very much like the World's Champ, with the short black hair cropped close at the head and the bronzed, hard face. Carpentier was introduced with the "millionaire" smile but not according to tradition left the face immediately as the fighters squared off. Carpentier could not be judged as, as good a fighter as Dempsey in a bout with Lenoir for the style of warfare of Dempsey and Lenoir has no similarity whatever.

The big Belgian came forward at the sound of the gong and crouched to await the attack. Carpentier carried the fight to him all the way and not once was the would-be champ in danger of the K. O.

Lenoir was hit hard several times, for he made no attempt to cover up, and Georges hooked him in every position. Carpentier is a speed king on his feet and is no slow worker with the punch. In several clinches Lenoir was hit as many as six times in the close in fighting before a break was made. The old style fight was also carried on between the two. Each toed the mark and slugged the

other, the blows landing with a resounding crash.

Carpentier shows marvelous work with the Belgian but woe be unto him if he attempts to stand toe to toe with the slugging American for no man in the pugilistic world has faced the King of heavies and lasted. The figures of the two in past bouts run thusly.

Carpentier put Moran away after twenty rounds of hard work. Dempsey was in the ring seven minutes before he landed Moran his K. O.

Carpentier was completely whipped by Gunboat Smith but was given the bout on a foul. Dempsey stopped Smith in one round. Dempsey knocked Fulton out in three seconds and Willard got his in the same time as Moran.

Nashville is again sore at the outcome of the "boxing commission pickups" and the soreness is not without cause this time. The first prelim last night, went two rounds and the big "Panama Kid" got the K. O. clear out of the ring. The other prelim ending up to the semi windup were same affairs, 15 and 16 year old boys fighting at each other with no thought of defense nor where to land. The bout was so poor that the boxing commission barred one of "fighters" from further battle in the Tennessee political headquarters.

The semi windup was also in the class B line with Willie Colona, of St. Louis and Freddie Boorda of Atlanta clinching all the way. The two fought at times but pushed each other on the ropes and glared in terrible fashion. Only once or twice did the two mix up in earnest and then only were the bugs entertained for a few minutes.

Hartselle faces the Albany-Decatur outfit Saturday afternoon at the ball park and the Hartselle outfit will make an attempt to avenge themselves for the beating administered to them a week ago on the Hartselle grounds. Behmie Russell will face Jacobs, the local phenom, on the heavy line, and provided the bat-batting work of W. Thompson slumps, the game will be a hurling duel.

The Barons are sticking to the top rung by the skin of their teeth at present with Little Rock the runner up after four successive scalings. Mobile dropped again at the hands of the Vol onslaught at the Dell yesterday. Lukonovic and Ray Roberts were unable to pass anything up to the plate that had the semblance of a strike and the Vol crew killed the pill to all corners of the lot.

Ty Cobb returns to the Tiger line-up after a long absence due to a sprained knee. Ty will have to bust 'em in Ruth fashion if he hopes to overtake the leaders. All are way up the line now and the Georgia Peach is sadly out of luck if he thinks that the big boys are figuring on a slump.

Dutch poled two out of four down in the Lihdale lot yesterday and was largely responsible for the team's victory. The team got only four safeties and the Dutchman got half of the total.

Install Officers  
at Austinville

Installation of officers by Austinville Lodge No. 679, A. F. & A. M., took place last night at Austinville, Hon. Melvin Hutton addressed the meeting and Raymond McCluskey delivered the ritual address.

Newt Thompson was reelected worshipful master after successive years of service in that position. He was also the first master of the lodge. Other officers elected for the ensuing year were: W. L. Waits, senior w.; E. A. Badley, junior w.; W. H. Thompson, treasurer; H. B. Bradshaw, secretary; M. M. Barnes, senior deacon; A. J. Roper, Jr. deacon; Isaac Roper, senior steward; Noel Warren, junior steward; J. F. McCleary, chaplain; R. L. Gravitt, tyler.

Pellagra Remedy Found Beneficial

## Virtues Proven In U. S. Court.

At a recent investigation held by the Government as to the virtues of Sul-Ferro-Sol, 12 people who had had Pellagra were questioned and cross-questioned.

It was revealed that every single one of these people were then entirely free from all symptoms of this disease.

It was also revealed that they had suffered from pellagra for periods varying from four months

to five years. In most instances the disease had been diagnosed and treated by reputable doctors.

However, one teaspoonful of Sul-Ferro-Sol taken three times a day had cleared each sufferer from all symptoms.

Sul-Ferro-Sol is also highly recommended for Tetter, Eczema and other blood troubles.

Booklet giving details mailed on request. Liberal bottle one dollar, (6 for \$5), at all drug stores or postpaid upon receipt of price. The Sul-Ferro-Sol Co., Dept. A, Montgomery, Ala.

## The Pick of the Soft Winter Wheat

None but the finest soft winter wheat is ground into Dainty Flour.

Even the such grain is unusually scarce this year we consider no other.

We prefer to pay the premium which first-grade wheat commands on the market rather than lower in the least the quality which has made Dainty Flour so outstanding in the past.

### Valier's Dainty Flour

is milled from this grain by a special slow process. It retains all of the unusual baking qualities found only in such wheat. As a result, Dainty Flour can be depended on to produce uniformly good results. If you have been troubled lately with failures which you cannot account for, try a sack of Dainty. The improvement will surprise you.

Of course such a flour sells for slightly more, but the difference is repaid in the end. Dainty eliminates expensive unnecessary failures and

## Gained Ten Pounds

Before Taking ZIRON, Alabama Man Was Weak, Nervous, Had No Appetite, But is Now Strong.

EVERY man and woman, who is in a run-down, weak condition, with bad complexion and poor appetite, due to lack of iron in their blood, should find Ziron helpful and strengthening.

It is a scientific, reconstructive tonic, composed of ingredients recommended by leading medical authorities.

Describing his experience with Ziron, Mr. George W. S. Lanier writes from Jones, Ala.: "Sometime back, I was in a terrible condition. I was weak and nervous, and had a tired feeling all the time. My skin was muddy. I

had no appetite, and at morning I didn't feel like getting up. I was reading of Ziron and decided I would try it . . .

"Will say that Ziron is a good medicine. I have gained ten pounds in four months. Am strong and have a good appetite."

Ziron is a mild iron tonic, good for young and old. It helps to restore the system, when run-down by over-work, under-nourishment, caused by stomach or bowel disorders, or as a result of some weakening illness.

Get Ziron from your druggist. He sells it on a money-back guarantee

**Had Many Sleeping Places.**

The average man probably sleeps 100 beds or so during a long lifetime. A veteran commercial traveler whose home is in New York, can afford to smile at this record, he says, "I calculate that I have slept in at least 8,000 beds during my forty odd years on the road, and I have slept well in them all."

dential ticket, according to Chairman Cummings of the national committee. The plan to have the convention nominate before it adopts a platform has been approved by party leaders.

Chairman Cummings stated today that leaders fear if the nominating is done before the platform is adopted, delegates will not remain in the convention until after the business is complete.

### MCADOO'S FRIEND ARRIVES

(International News Service) SAN FRANCISCO, June 25—Stuart C. Giboney, of New York, close friend of Wm. Gibbs McAdoo, appeared on the scene here today and put soft pedal on the efforts of enthusiasts who are continuing to keep the McAdoo boom alive.

Giboney refused to affirm or deny it was kept in the home and consumed there.

The administration forces will favor woman suffrage without qualification.

## Will Hold Exams For Mail Clerks

The United States civil service commission announces open competitive examinations for railway mail clerk to be held at Albany on July 14th. Residents of Alabama, Georgia and South Carolina from 18 to 35 years of age will be admitted. Further information may be obtained from the local secretary of the commission at the Albany postoffice.

For the same date the Commission also announces examinations leading to the positions of clerk in the Panama Canal service (\$116 per month and upward); accounting and statistical clerk with the Interstate Commerce Commission at \$1500 to \$2100 per year; junior engineer and deck officer with the U. S. Coast and Geodetic Survey at \$1400 per annum plus \$20 per month temporary increase.

that he came to San Francisco as a personal agent of McAdoo.

It is almost certain from all indications that Mr. McAdoo intends to stand pat on his attitude as set forth in a letter to Miller Bell, of Milledgeville, Ga., asking that his name be withdrawn from the Georgia primary and adding "in a democracy

like ours the obligations of citizenship are supreme, and I would therefore regard it as the imperative duty of any man to accept the nomination if it should come to him unsolicited."

**PALMER GETS GEORGIA**  
(International News Service)  
SAN FRANCISCO, June 25.—"An

unofficial poll of the democratic national committee today shows that the Palmer delegates from Georgia will be seated by a practically unanimous vote," it was declared by Robert Scott, Mr. Palmer's secretary.

The factions headed by Hoke Smith and Tom Watson are contesting the right of the Palmer delegates to sit.

# To The Public:

On account of the increasing cost of all materials and labor we are compelled to raise the price of bread to eleven cents for the unwrapped bread, twelve cents for wrapped bread and twelve cents per dozen for rolls.

It is useless for us to tell you that flour, lard and sugar has advanced to an unheard of price for you already know that and we feel that you will agree with us that we are justified in this small raise we are asking.

We have been expecting the price of flour and other material to be lowered but it seems that this will not happen for at least some time yet but we assure you as soon as this is done the price of bread will be lowered accordingly.

We believe that you will agree with us that even at the new price that bread is the best and cheapest food one can buy.

It is our desire to give you bread of high quality and if we fail to do this we will appreciate it if you will let us know it.

Thanking you for your patronage we are,

Very truly yours,
